**If you are interested in receiving a free, home blood pressure monitor/cuff and participating in our new program please turn this form in. There is no cost to participate. You will be trained on how to use your new device and asked to take a daily blood pressure reading. A Qualified Health Professional will call you, once a month, at home, to review your Blood Pressure readings with you. This is not a 24/7 monitoring service. Patients may opt out of service at any time.**
